- On the KIDS Data Comparison page, the column on the left will display the Name, SSN, DOB, and most recent address information captured in eWiSACWIS. The second column will contain the **verified** data received from KIDS.

eWiSACWIS receives, via a nightly process, data which has been verified by KIDS for any children and/or parents that have been previously referred to KIDS through the eWiSACWIS placement process.

The 'Parents Info' expando will reveal whether KIDS data exists for either of the parents. If data exists, a message will direct you to the parent's Person Management page.

- Click the **Accepted** checkbox(s) next to the data elements that you wish to accept and then click the Continue button.
